Looking For a Place to Call Home

Whether you're moving across the state or across the country, relocating to another area can be a daunting task. Our Sales Professionals will help you make your move an enjoyable experience.

Getting to Know the Area >>>

Before you make a decision on where you want to live, we'll help you get to know the area. We'll show you where to find the schools, shopping areas, recreational and medical facilities. We'll talk to you about the right neighborhoods and communities you might be considering and help you decide which ones are the best for you. Then we'll give you a guided tour before you even begin to look at homes.

Finding the Right Home >>>

In today's internet world, you can find every home that's on the market on one website: www.PrudentialHodrickRealty.com. You can set up a search and save your favorite properties in your personal portfolio or our Sales Professional can do it for you. Either way, you'll be notified the minute a new listing hits the market. Then it's just a matter of picking the right one for you.

Moving Companies >>>

We are pleased to offer all of our clients involved in an inter-state move a toll-free telephone number to Prudential's Van Lines Express Program. One simple phone call puts you in touch with a trained relocation counselor who will help you negotiate multiple estimates from national moving companies at discounted rates. There's even additional free insurance available.

Settlement Services >>>

Through our affiliated in-house title company, West Branch Settlement Services, Inc., we'll make the closing process on your new home a snap. On-time closings, after hours scheduling, and coordination of all the details makes the entire process as easy and stress-free as possible.
